1 Interpretation of Terms

Unless the contrary intention is indicated, these Conditions of Tendering are to be interpreted in the same manner and words have the same meaning as in the Contract.

If a date stipulated for doing an act in relation to the RFT is not a business day (being any day which is not a Saturday, Sunday or a public holiday in the Northern Territory, as specified in Schedule 2 of the *Public Holidays Act (NT)*), the act must be done on the next business day.

In these Conditions of Tendering the following definitions apply:

'**Addendum**' means any document expressly stated to be an Addendum, which is issued by the Principal varying, updating or clarifying the RFT prior to the stated time and date for closing of the RFT.

'**Annexure**' means the document titled "Annexure to the Conditions of Tendering and Contract" and contained in this RFT.

'**Contract**' means the document titled 'Conditions of Contract' and referenced or contained in this RFT.

'**Principal**' means the Roper Gulf Regional Council.

'**RFT**' means the request for tender inviting offers and includes all conditions, annexures, schedules, attachments and addenda.

'**Supplies**' means the works, goods and/or services required by the Principal and described in this RFT.

'**Tender Response**' means all documents lodged by the Tenderer in response to the RFT.

'**Tenderer**' means the person lodging a Tender Response.

2 Preparing a Tender Response

2.1 General Requirements

Each Tender Response is required to contain one copy of the documents listed in the section of the Annexure titled "Documents to be Lodged". Failure to provide all documents may result in the Tender Response being declared inadmissible for assessment.

Tender Responses should contain:

- a) if the Tenderer is one or more individuals, the full names of each party;
- b) if the Tenderer is one or more company or organisation, each company, business or trading name and each unique business identifier required by law (eg ACN/ARBN/ABN);
- c) the address for service of any notices necessary or required to be or which may be served on or given to the Tenderer in connection with its Tender Response and any subsequent contract arising out of acceptance of the Tender Response.

Each Tender Response (excluding attachments or supplementary information provided by the Tenderer) must be in English. A Tender Response that does not comply with this requirement will be declared inadmissible for assessment.

2.2 Tenderers to Inform Themselves

Tenderers must, at their own expense, inform themselves of all circumstances and conditions relating to submitting a Tender Response and providing the Supplies. This includes compliance with all legislation, an inspection of the relevant site(s) and satisfying themselves as to the correctness and sufficiency of the RFT documentation.

2.3 Tender Costs

The Tenderer is responsible for all costs associated with preparing a Tender Response.

The Principal will not be liable for any expense or loss, which may be incurred by any Tenderer in the preparation or submission of its Tender Response.

2.4 Compliance with Roper Gulf Regional Council Procurement Policy

In preparing its Tender Response, submitting its Tender Response and throughout the tendering period the Tenderer must comply with the Roper Gulf Regional Council Procurement Policy (as varied from time to time)('Procurement Policy').

If the Principal is of the reasonable opinion that the Tenderer has not complied with the Procurement Policy, the Principal may declare the Tender Response inadmissible for assessment.

2.5 Enquiries

Should the Tenderer:

- a) have any doubts as to the meaning of any part of the RFT; or
- b) find any discrepancy, error or omission in the RFT,

the Tenderer should seek clarification from the Principal, as identified in the Annexure, as early as possible but in any event before the stated time and date for closing of the RFT.

The Principal may decline to provide a clarification or further information requested by a Tenderer.

Any clarification provided by the Principal may be provided to all prospective Tenderers.

2.6 Probity Advisor

The Principal may appoint an independent probity advisor to advise on probity issues arising during the course of the RFT process. The details of the probity advisor, if any, will be contained in the Annexure. Any issues about the integrity of the RFT process should be addressed to the probity advisor.

2.7 Addendum

The Principal may vary, update or clarify the RFT at any time before the stated time and date for closing of the RFT through the issue of an Addendum.

No explanation or amendment to the RFT will be binding unless in the form of an Addendum. Any Addendum issued under this clause will become part of this RFT.

It is the sole responsibility of Tenderers to ensure that their contact details held by the relevant online portal are correct and up-to-date in order for them to receive Addenda.

2.8 Best Offer

Notwithstanding anything which may be done pursuant to the assessment process, the Principal intends to select the successful Tenderer primarily on the basis of the Tender Responses lodged but will also take into

Conditions of tendering consideration any other information publicly available or known to the Principal. Accordingly, Tenderers should provide their best offer in their Tender Response.

3 Tender Response Validity

Tender Responses must remain valid and open for acceptance by the Principal for the period stated in the Annexure.

Where the Principal seeks an extension to the validity of the offer, a request will be forwarded to Tenderers in writing and, within the time period stated in the request, a Tenderer may by notice in writing:

- a) withdraw their Tender Response; or
- b) agree to extend the validity of their offer for the requested period.

A failure to respond, or a failure to withdraw or agree in writing, within the time period stated in the request may result in the Tender Response being deemed withdrawn by the Tenderer and not considered further.

4 Site Inspection

The Principal may provide Tenderers with an opportunity to inspect a site or sites relevant to the provisions of the Supplies ('Site Inspection').

If a Site Inspection is arranged the details of the inspection, including location, time and date, are as stated in the Annexure.

A Tenderer may authorise a third party to attend a Site Inspection as its representative. The authorised representative must notify the person conducting the Site Inspection on behalf of the Principal, which Tenderer they represent.

If the Annexure specifies that attendance at a Site Inspection is required then Tenderers are required to attend at the time, date and location specified. Each Tenderer or their representative must report to the person conducting the Site Inspection to record their attendance. Failure to attend and report to the Principal's representative may result in the Tender Response being declared inadmissible for assessment.

5 Industry Briefing

The Principal may provide Tenderers with an opportunity to attend a briefing to discuss the Principal's requirements for the provisions of the Supplies ('Industry Briefing').

If an Industry Briefing is arranged the details of the briefing, including location, time and date, are as stated in the Annexure.

A Tenderer may authorise a third party to attend an Industry Briefing as its representative. The authorised representative must notify the person conducting the Industry Briefing on behalf of the Principal, which Tenderer they represent.

If the Annexure specifies that attendance at an Industry Briefing is required then Tenderers are required to attend at the time, date and location specified. Each Tenderer or their representative must report to the person conducting the Industry Briefing to record their attendance. Failure to attend and report to the Principal's representative may result in the Tender Response being declared inadmissible for assessment.

6 Industry Accreditation

Where specified in the Annexure, the Tenderer is required, at the time and date for closing of the RFT, to be accredited or recognised by Contractor Accreditation Limited ('CAL').

Accreditation must be to a rating that is equal to or higher than:

- a) For a single supply, the value of the Tender Response.
- b) For a period contract, the:
 - six (6) monthly value of the Tender Response; or
 - if the Supplies are for a period of less than 6 months, total value of the Tender Response,

in a CAL category and group described in the Annexure.

The Tender Response should include the Tenderer's CAL registration number.

If, at the time and date for closing of the RFT, the Tenderer requires an upgrade of the rating of its existing CAL accreditation, in a category and group specified, the Tenderer has fourteen (14) calendar days from the stated time and date for closing of the RFT to:

- a) obtain an upgrade of the rating of that existing CAL accreditation; and
- b) provide written evidence of the upgrade to the Principal's contact person identified in the Annexure.

Nothing in this clause allows a Tenderer to obtain CAL accreditation in a new CAL category and group after the stated time and date for closing of the RFT.

Any Tender Response not complying with the requirements of this clause may be declared inadmissible for assessment.

The Tenderer must ensure that each sub-contractor engaged in the provision of Supplies equal to or greater than \$100,000 is accredited or recognised by CAL at the time and date of closing of the RFT.

More information on CAL, accreditation details and application forms can be obtained from:

CAL Registrar
 PO Box 125
 PARAP NT 0804
 Telephone: (08) 8922 4600
 Facsimile: (08) 8984 4003
 Website: www.accreditation.com.au

7 Alternative Tenders

Tenderers may submit an alternative Tender Response, which does not conform with the requirements of the RFT ('Alternative Tender Response'), if permitted by the Annexure.

Where the Annexure requires that an Alternative Tender Response is accompanied by a Tender Response which conforms with the requirements of the RFT, the Tenderer is required to submit a conforming Tender Response with the Alternative Tender Response.

Alternative Tender Responses should be clearly identified as an "Alternative Tender".

If Alternative Tender Responses are permitted by the Annexure, Tenderers are encouraged to offer options or solutions, which may contribute to Principal's ability to carry out its business in a more cost-

Conditions of tendering effective manner (for example in a novel or innovative way). These may be related to the outputs, functional, performance or technical aspects of the requirement.

The Principal may specify in the Annexure any exclusion or limitation on the provision of an alternative solution (for example specific items of the Supply may be excluded, or alternatives may be limited to specified items of the Supply).

The Tenderer may include any supplementary material to demonstrate how an Alternative Tender Response will fully achieve or exceed the Principal's requirements.

8 Part Offer and Part Acceptance

Unless otherwise stated in the Annexure, Tenderers are required to offer for the whole of the Supplies.

If part offers are permitted by the Annexure, the Principal reserves the right to accept a portion or the whole of any Tender Response at the price or prices tendered unless the Tenderer specifically states to the contrary in its offer.

9 Pricing

9.1 General Requirements

Unless otherwise specified, prices must:

- a) be stated in Australian dollars;
- b) be inclusive of:
 - GST (where applicable);
 - all costs required to provide the Supplies, including labour, materials, transport, freight, overheads, profits and charges; and
 - all other fees, duties and taxes required to provide the Supplies.

Unless otherwise required, pricing must be submitted for each item in the Schedule and failure to price all items may result in the Tender Response being declared inadmissible for assessment.

9.2 Estimated Quantities

Unless otherwise specified, any quantities given in the RFT are not guarantees as to the amount of work to be provided to the successful Tenderer, but will be used for assessment purposes only.

9.3 Treatment of Low or Aberrant Prices

Where a price (or a key element of a Tender Response price) is considered well below or above the median price or the Principal's estimated value, the Tenderer may be requested to confirm the tendered price or respond to questions regarding particular aspects of the Tender Response. The Tenderer may also be requested to provide written confirmation that the requirement and contractual obligations relevant to the Supplies are fully understood.

The Principal may, at its discretion, either:

- a) proceed with the evaluation of the Tender Response; or
- b) where there is evidence that acceptance of the Tender Response may result in an unacceptable contract outcome or pose a substantial risk to the provision of the Supplies or the sustainability of the Tenderer, set the Tender aside from further assessment.

10 Conflict of Interest

For the purpose of this clause a “Conflict” means any matter, circumstance, interest, or activity affecting the Tenderer (including the officers, employees, agents and sub-contractors of the Tenderer) which may or may appear to impair the ability of the Tenderer to perform any contract resulting from this RFT diligently and independently.

Tenderers must declare any Conflict in their Tender Response.

Tenderers must not place themselves in a position that may, or does, give rise to a Conflict during the RFT process.

If at any time during the RFT process, a Tenderer is aware that an actual, potential or perceived Conflict exists or may arise, that Tenderer must immediately notify the Principal.

If a Conflict exists or arises during the RFT, the Principal may:

- a) declare the Tender Response inadmissible for assessment;
- b) enter into discussions to seek to resolve the Conflict; or
- c) take any other action it considers appropriate.

11 Panel Period Contract

Where specified in the Annexure, the Principal may establish a panel of suppliers for the provision of the Supplies. The resulting contracts will be for either:

- a) specific requirements at fixed unit rates; or
- b) for a general scope of requirements without any rates, and for which firm offers will be periodically sought from the suppliers.

For practical reasons the Principal reserves the right to fix the size of the panel to a limited number of suppliers who best meet the assessment criteria.

12 Project Control

Where specified in the Annexure that the Supplies are to be carried out using Project Control then the provisions of this clause will apply.

The Tenderer's attention is drawn to the section titled "Project Control" in the RFT.

The Tenderer is required to submit a Project Control summary with the Tender Response. Failure to submit a Project Control summary may result in the Tender Response being declared inadmissible for assessment.

13 Local Content

The Principal is committed to supporting businesses that use local contractors and suppliers and hire and train Territorians. Assessment will take into consideration businesses that demonstrate a commitment to supporting and employing Territorians including Indigenous Territorians, accredited training for its employees and sourcing goods and services from local businesses.

13.1 Apprentices and Trainees

Where specified in the Annexure, the Tenderer will, if awarded the Contract, employ and train, or maintain a minimum number, as prescribed below, of apprentices/trainees who are registered in the Northern Territory:

Schedule of Minimum Number of Apprentices/Trainees.

Value Of Contract (\$000)	Trade Apprentice/Trainee	Non-Trade Trainee
300 – 599	1	-
600 – 999	2	-
1000 – 1999	3	1
2000 – 2999	4	1
3000 – Plus	5	1
Maximum Requirement	5	1

Employees undertaking apprenticeships/traineeships will only be recognised for assessment purposes if:

- a signed training contract for the apprentice/trainee is registered with Australian Apprenticeships NT; or
- the apprentice's/trainee's details appear on the Data Entry Level Training Agreement (DELTA) database, maintained by the Department of Trade, Business and Innovation; or
- the training being undertaken is a recognised accredited training course.

In complying with the use of accredited apprentices/trainees, the Tenderer may:

- directly employ apprentices/trainees;
- utilise group training scheme apprentices/trainees;
- utilise sub-contractors apprentices/trainees; or
- utilise any combination of the above.

For contract values of \$1 million and above one (1) non-trade trainee may be substituted for a trade apprentice/trainee for the purpose of determining compliance with the Schedule of Minimum Number of Apprentices/Trainees.

The level of compliance with this requirement will be reported on at the end of the Contract and taken into consideration on future quotations or tenders for a period of twelve (12) months.

Further information on NT Government Policy on the use of apprentices/trainees on the Principal Contracts and accredited training programs can be obtained from:

13.2 Indigenous Development Plan

Where specified in the Annexure, the Tenderer is required to submit, as part of its Tender Response, an Indigenous Development Plan Proposal.

Any Tender Response not complying with the requirements of this clause may be declared inadmissible for assessment.

13.3 Indigenous requirements for Regional Councils

Where specified in the Annexure, the Tenderer will, if awarded the Contract, maintain an Indigenous employment rate which will be no less than thirty per cent (30%) of the total workforce engaged in the delivery of the Supplies.

14 Signing Documents

The Tenderer must sign its Tender Response as indicated below:

- a) If the Tenderer is a company:
 - with its common seal, and the fixing of the seal witnessed by:
 - two (2) directors of the company; or
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director; or
 - without its common seal, if signed by:
 - two (2) directors of the company; or
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director; or
 - by being signed by a person or persons authorised by the company to bind it in contract. In such circumstances a copy of the authorisation must be submitted with the Tender Response.
- b) In the case of a firm (including a firm trading under a business or trading name and a partnership):

- by signature of each proprietor of the firm; or
- in the case of firms having more than five (5) proprietors, by signature of the proprietors authorised to bind the firm in Contract. In the case of the latter evidence of the authority of those proprietors to bind the firm may be required by the Principal.

Where the Tenderer is lodging its Tender Response via an online portal, there is no requirement to complete the "signature" block on the Declaration by Tenderer form.

15 Lodgement of Tender Response

15.1 Lodgement

Unless otherwise directed by the Principal, Tender Responses must be lodged using one of the following methods:

- a) facsimile, directed to the facsimile number stated on the cover to the RFT; or
- b) electronically, against the corresponding Tender number using the online portal through the address stated on the cover to the RFT or if the Principal has approached a specific Tenderer(s) and provided access to the RFT through a link or web address, electronically using the link or address provided.

Failure to comply with the above requirements may result in the Tender Response being declared inadmissible for assessment.

If, for any reason, a part of a Tender Response (excluding the pricing schedule(s)) becomes corrupt, illegible, inadequate or incomplete as a result of transmission or storage, the Principal may request an additional copy of the Tender Response.

If, for any reason, the pricing schedule(s) contained in a Tender Response becomes corrupt, illegible, inadequate or incomplete as a result of transmission or storage the Tender Response may be declared inadmissible for assessment.

15.2 Closing Time and Date

The RFT will close at the time and on the date stated on the front cover of the RFT.

15.3 Late Tenders

Tender Responses are to be received, in full, by the time and date for closing of the RFT.

Failure to lodge a Tender Response, or part thereof, before the time and date for closing of the RFT may result in the Tender Response being declared inadmissible for assessment.

16 Admissibility

16.1 General

Unless otherwise specified, if a Tenderer fails to comply with a requirement as set out in these Conditions of Tendering, their Tender Response may be declared inadmissible for assessment.

In determining whether a Tender Response is admissible for assessment the Principal will consider:

- a) whether admitting the Tender Response will compromise the integrity of the tender process;
- b) whether the Tenderer has or is likely to gain an unfair advantage;
- c) reasons for the Tenderer's failure to comply with a requirement;

- d) whether the Tender Response is capable of assessment;
- e) whether the Tender Response was mishandled by the Principal or a third party; and
- f) evidence of unfair practices.

16.2 Bankruptcy/Insolvency

The Principal may, in its absolute discretion, declare a Tender Response inadmissible for assessment in circumstances where the Tenderer is bankrupt or in liquidation.

16.3 Improper Conduct

The Principal may, in its absolute discretion, declare a Tender Response inadmissible for assessment where, in the reasonable opinion of the Principal (being based on fact or a reasonable belief), the Tenderer has engaged in “improper conduct” as that term is defined in the *Independent Commissioner Against Corruption Act 2017* (NT).

17 Ownership of Documents

All Tender Responses become the property of the Principal upon submission and will not be returned to Tenderers.

By lodging a Tender Response, a Tenderer licenses the Principal to reproduce the whole or any portion of the Tender Response for the purposes of the conduct of the RFT, including assessment, clarifications, resultant contract negotiation, contract management, and anything else in relation to these purposes.

Nothing in this clause changes or affects the ownership of copyright or other intellectual property rights that may exist in the Tender Response.

18 Changes to the Conditions

18.1 Conditions of Tendering

Tenderers are not permitted to request changes or propose alternatives to these Conditions of Tendering. Any Tenderer who proposes a change will be requested to withdraw the change in order to comply with the Conditions of Tendering. If the changes are not withdrawn the Tender Response will be declared inadmissible for assessment.

18.2 Conditions of Contract

If permitted in the Annexure, Tenderers may request changes to the Conditions of Contract, or propose alternative conditions of contract.

Where Tenderers request changes to the Conditions of Contract or propose alternative conditions of contract, they must clearly specify in the appropriate section of the Response Schedules the changes to the Conditions of Contract that are being requested or the alternative conditions of contract that are being proposed.

Where Tenderers request changes to the Conditions of Contract or propose alternative conditions of contract, they do so at their own risk, as the changes will be deemed to have formed part of their offer and their Tender Response will be assessed on that basis. If the requested changes or the alternative conditions of contract are not acceptable to the Principal, the Tender Response may not be successful.

If the Annexure states that changes to the Conditions of Contract or alternative conditions of contract are not permitted, any Tenderer requesting changes to the Conditions of Contract, or proposing alternative conditions of contract may be requested to withdraw the changes in order to comply with the Conditions

Conditions of tendering
of Tendering. If the changes are not withdrawn the Tender Response may be declared inadmissible for assessment.

Nothing in this clause affects the Principal's right to negotiate with one or more Tenderer as provided for in this RFT.

19 Tender Assessment Criteria

Selection of the successful Tenderer will be based on a best value for money assessment of Tender Responses against the tender assessment criteria specified in the Annexure.

An example of the types of considerations that may form part of each criterion are set out below, these elements are not to be considered exclusive to any specific RFT.

- a) Past Performance:
 - Performance history including experience in providing similar Supplies and the extent to which previous undertakings were achieved.
 - Standard and quality of Supplies previously provided.
 - Extent of supervision previously required.
 - Disputes and claims history.
 - References (including CAL if applicable).
 - Safe and fair workplace record.
- b) Timeliness:
 - Ability to manage the provision of the Supplies within timeframes specified.
 - Vulnerabilities to the completion timeframe.
- c) Capacity:
 - Ability to provide the Supplies including the experience and capacity of nominated personnel or sub-contractors.
 - Number, details and value of contracts currently in progress.
 - Appropriate CAL accreditation (if applicable).
 - Legal action pending.
 - Financial capacity (including current credit rating).
 - Risk.
- d) Local Content:
 - Enhancement of industry and business capability in the Northern Territory.
 - Improved capacity and quality in supply or service response.
 - Accredited training programs currently supported by the Tenderer or that will be supported or utilised in providing the Supplies.
 - Proposed level of usage of apprentices and trainees in providing these Supplies.
 - Proposed number of jobs for Territorians that will be supported or utilised in providing the Supplies.
 - Proposed level of involvement of local Indigenous enterprise on these Supplies.
 - Proposed level of usage of Territory Enterprises as sub-contractors or suppliers.
 - Regional development opportunities.
 - Any Northern Territory research and development proposals being undertaken or proposed by the Tenderer.
- e) Innovation:
 - New technology.
 - Alternative solutions.
- f) Scope Specific Criteria:
 - Those criteria that are considered relevant to the nature of the Supplies being sought. Scope specific criteria could include, but are not limited to, technical requirements of the

Supplies, environmental issues or requirements and specific experience and expertise applicable to the Supplies required.

g) Price:

- Upfront costs.
- Through-life costs, for example:
 - Cost of ongoing training of the Principal's staff in providing the Supplies over a specific time; and
 - Cost of transit in and out or implementation from one provider to another.
- Any other factors that would impact on costs to the Principal.
- Where a shortlisting process is utilised, price will not be the only determining factor.

20 Conduct of the Assessment

20.1 General

The Principal may disclose information acquired or developed during the assessment process (including a copy of the Tender Response) to Ministers and other Principal representatives, consultants, advisors, other local governments and statutory authorities for the purpose of the assessment, clarification, negotiation and reporting of this RFT and in order to comply with the law, and enable effective management, review or auditing of the Principal's activities.

20.2 Clarification and Additional Information

The Tenderer may be called upon to clarify information contained in their Tender Response or to supply information in addition to the Tender Response to demonstrate to the satisfaction of the Principal that the Tenderer has the ability to provide the Supplies.

The Tenderer must within the time specified comply with any such requests. Failure to submit any or all of the information required, in the time stipulated, may result in the Tender Response being declared inadmissible for further assessment.

20.3 Security, probity and financial checks

The Principal reserves the right during any part of the assessment of Tender Responses to perform such security, probity and financial investigations and checks as the Principal may determine are necessary in relation to Tenderers, their employees, officers, partners, associates, sub-contractors or related entities and their employees, officers and sub-contractors. These checks may include (without limitation):

- a) security;
- b) financial viability and stability;
- c) managerial and technical capacity;
- d) corporate history;
- e) significant litigation (past, present or pending); and
- f) any other matters the Principal considers relevant.

Tenderers must, at their cost, promptly provide the Principal with such information or documentation that the Principal requires in order to undertake such investigations or checks.

The Principal may declare a Tender Response inadmissible for further assessment if the Tenderer does not promptly provide all reasonable assistance to the Principal in this regard or based on the outcomes of the investigations or checks.

21 Negotiations

- a) The Principal may engage in detailed discussions and negotiations with one or more Tenderers.
- b) The selection of Tenderers under this clause does not bind the Principal to a contractual relationship and is not an indication that the Tenderer will be successful.
- c) The result of any successful negotiations will be incorporated into the Contract.

22 Notification of Acceptance

The Principal will not be bound to accept the lowest or any Tender Response.

The successful Tenderer will be notified in writing on the completion of the RFT process ('Notice of Acceptance').

Unless otherwise specified, the Notice of Acceptance forms a binding agreement between the Principal and the successful Tenderer on the terms set out in the Contract. The Notice of Acceptance will, at the Principal's discretion, be issued by pre-paid post, facsimile or email to the address stated in the Tender Response.

A Tenderer should not act on any representations or statements made by the Principal, its employees or agents prior to the issue of the Notice of Acceptance.

The Principal may publish details of the successful Tender Response, including the name and address of the Tenderer, value of the contract awarded and a description of the Supplies.

Tenderers may request a debriefing as to why their Tender Response was successful. This is for the purpose of assisting Tenderers to improve their competitiveness for future tenders.

Information will be confined to discussion of the Tenderer's Tender Response and under no circumstances will information relating to another Tender Response be disclosed.

23 Unsuccessful Tender Responses

Unsuccessful Tenderers will be informed in writing of the outcome of their Tender Response at the conclusion of the RFT process.

Tenderers may request a debriefing as to why their Tender Response was unsuccessful. This is for the purpose of assisting Tenderers to improve their competitiveness for future tenders.

Information will be confined to discussion of the Tenderer's Tender Response and under no circumstances will information relating to another Tender Response be disclosed.

24 Site Specific Conditions

Where specified in the Annexure, the following conditions apply to the Supplies.

24.1 Work on Communities

Tenderers are advised that restrictions may apply to entering and working in an Aboriginal Community. It is the Tenderer's responsibility to ascertain from the relevant Community Council or Land Council details of any permits, conditions, restrictions, requirements, fees etc. applicable to working in that community.

All permissions, permits and charges are the responsibility of the successful Tenderer.

A Volatile Substance Abuse Management Plan may apply in and/or near the area of the works. Information can be found [Department of Health website](#)¹.

24.2 Aerodromes

Tenderers should make themselves familiar with the provisions of Part 139 - Aerodromes of the Civil Aviation Safety Authority document Manual of Standards (MoS) issued by Air Services Australia. Chapters 6 and 10 are particularly relevant. Only the provisions directly related to the execution of this contract will apply. The MoS document can be accessed via the web link shown below.

Further guidance is available from [Aerodrome Reporting Officers' Manuals](#)².

The successful Tenderer must check that the information is current at the time the works are undertaken.

For an aerodrome landing area (ALA), inspections and works are to be carried out in accordance with the Civil Aviation Safety Authority (CASA) [advisory publication CAAP 92 - 1 \(1\)](#)³, Civil Aviation Orders, [Part 82, Section 82.3, Appendix 3](#)⁴, where applicable and all applicable CASA Directives.

For registered aerodromes, inspections and works are to be carried out in accordance with the CASA publication Manual of Standards (MOS) Part 139, Chapter 12.1.7 'Aerodrome works'.

For unregistered Aeroplane Landing Areas (ALA) inspections and works are to be carried out in accordance with CASA - MOS Part 139 Chapter 10.10 'Aerodrome Works Safety'.

All works are to be carried out to meet the specified performance criteria.

This includes inspection, monitoring and reporting on the condition of the aerodrome to ensure its continual compliance with the requirements of the MOS Part 139 Section 10.

The successful Tenderer must ensure the aerodrome is in a condition that complies with the requirements of the Civil Aviation Regulations (CAR) and all applicable CASA Directives.

24.3 Security Conditions

If specified in the Annexure, Tenderers are advised that there are restrictions on carrying out work in the site for the Supplies.

The Tenderer is required to become familiar with the rules and regulations in force at the site as issued by the relevant security authority.

25 Specified Sub-Contractors

If specified in the Annexure, the proprietor of the building has specified that only particular sub-contractors may carry out certain components of the Supplies required by the RFT.

Tenderers may select any one of the specified sub-contractors listed in the Annexure, for the specific component of the Supplies and will include in its Tender Response a price for the Supplies to be provided by that specified sub-contractor. Tenderers must satisfy themselves that the specified sub-contractor has the resources and is able to perform its component of the Supplies so as to not delay the overall programme of the Supplies.
