**REF: Daly Waters Progress Association Incorporated**

**Involvement in District Planning for Oil & Gas and other areas**

**Updated Contact details**

Dear Tony and Marc,

The Daly Waters Progress Association Inc. elected a new committee and adopted an updated constitution in January 2023.

The objects and purposes of the Association are as follows:

- (a) To encourage and guide progress within the Daly Waters District.
- (b) To promote recreational and social activity within the Daly Waters District Community
- (c) To foster beautification of public areas.
- (d) To foster preservation of the history and culture of Daly Waters township and district.
- (e) To liaise with Government Authorities regarding development of the township and district.
- (f) To liaise with the Oil and Gas sector to ensure operations, development and investment are appropriate, respectful and beneficial to the Daly Waters District community.
- (g) To liaise with other industry sectors including mining, tourism and pastoral to ensure operations, development and investment are appropriate, respectful and beneficial to the Daly Waters District community.

The Association has a membership from the township area and pastoral leases within a radius of about 100km, significantly all within the Beetaloo Basin.

The management committee and relevant contact addresses are shown below.

<b>Treasurer</b>	Corina James	Hidden Valley Station	blacksmith.hv@hotmail.com		
<b>Public Officer</b>	Roley James	Hidden Valley Station	blacksmith.hv@hotmail.com		

1. In keeping with our "Objects and Purposes" we would request that the Association is involved in any planning for development and progress within the Daly Waters District especially, but not exclusively, with respect to the requirements of the Beetaloo gas field. Planning for other industries' and community requirements also need to be included.
2. The Association is interested in being informed of and potentially involved with any programs or projects operated through any of your council areas and would welcome any advice on support available for Associations such as ours to be involved, and to undertake local projects and programs.
3. The Association would be grateful if the various council areas could be updated with the names and contacts for the new committee.

Thanking you for your time,

Sincerely,

Tom Stockwell

Chairman.
